Associate Manager – Human Resources

Date 25th February 2015

Sub: Employment Certificate for **Ram Prakash Singh**

To whomsoever it may concern

This letter will serve to verify the employment of **Ram Prakash Singh** by this organization from 30th December 2013 to till date.

Ram Prakash Singh is currently holding the position of a **Senior Software Engineer**. This statement is submitted for the purpose of attesting the progressive experience gained in the field of computer science and engineering during his tenure with our organization. This statement is made under the penalty of perjury and is issued to the best of the knowledge and belief of the undersigned.

Ram Prakash Singh began his employment in the capacity of a **Senior Software Engineer**. In this position, he was engaged in the following duties and responsibilities:

As a Senior Software Engineer in the CM (Campaign Manager), and LHS (Liner Hanger System) project, he was involved in designing and developing web based software solutions for the online advertisement/oil and gas domain. His responsibilities were to understand client requirements and develop the application as per specifications. He developed the applications using Java, Spring, Spring data with JPA, Hibernate, Spring Restful web service, Junit, Mysql, Oracle, Maven, PMD, Sonar, Jenkins. He was also responsible for deployment and delivery of the application to client site.

Ram Prakash Singh has been engaged in the duties of a Senior Software Engineer including the design, development and testing of computer software systems for specialized business applications. He demonstrated the application of theoretical and practical knowledge of computer systems and applications to the degree that is found among those who have acquired at least a bachelor's degree level education in the field of computer systems and engineering

Ram Prakash Singh gained progressive experience, was assigned more complex tasks, and acquired greater responsibilities in his position. He developed increasingly sophisticated principles and techniques of computer science, engineering, and mathematical analysis to his tasks and analysis of software requirements to determine the feasibility of designs and other related problems. **Ram Prakash Singh** generally utilized scientific analysis and mathematical models to predict and measure outcomes and consequences of software design and implementation. **Ram Prakash Singh** position is full time, 40 hours per week.
