Ausdruck aus der ANABIN Datenbank der Zentralstelle für ausländisches Bildungswesen

Country: India
Diploma: Master of Computer Applications

description

diploma:	Master of Computer Applications
shortcut:	MCA
degree type:	Masters (3 years)
field of study:	computer applications
graduating class:	A5
comment:	Academic qualification of the first level of postgraduate studies after a regular 3-year study period in computer science, is usually acquired in a specialization of the previous first study (usually a 3-year bachelor's degree, eg Bachelor of Computer Applications).
	A scientific thesis is not mandatory and can vary greatly in type and scope.
	MCA degrees are generally permissible as distance learning courses, but must have been approved by the local authority responsible at the time of study.

valuation

equivalence class	Corresponding German degree type	comment
Is equivalent to	Magister / Master - consecutive	In connection with a regular 3 to 4-year bachelor's degree. In the case of distance learning degrees, the distance learning course must have been approved by the competent local authority at the time of study.
